Hallowe'en Dance Set for Albany High

"Come on, kids! Let's go to the Hallowe'en dance." This phrase is being heard around Albany High School these days as plans are proceeding for this gala event, to be held Saturday night, October 22, from 8:30 to 12 p.m. at the Albany High gym. Under the auspices of the Albany American Field Service, the affair will feature Mark Foster, KEWB's popular Dance Party disc jockey, and there will be many free records for the young people present.

According to Mrs. Ralph Gleason, chairman, the dance has a two-fold purpose, (1) to provide a safe and entertaining evening for teenagers from Albany and neighboring communities, and (2) as a fund raising project for the AFS. All proceeds from this annual affair will be used to assist Albany's exchange students next year, both the foreign student who will attend Albany High and the Albany High student who will go abroad.

This year's "ambassadors of friendship" are Josedono Notodisoejo from Solo, Central Java, Indonesia, who is a guest of the L. L. Keck family of 1223 Portland Avenue, Albany; and Malcolm Thornley, Albany High senior who is staying with the Antonello Gerbi family in Milano, Italy.

Tickets will be available at the door the night of the dance, or in advance from Mrs. Geason and John Griffin, president of the student AFS Club of Albany High.

Chamber Chatter

By IRENE GROVE

Are you, as a business man, really satisfied with the conditions in your city of Albany? Of course not . . . everyone wants improvements and progress. Do you want business improved and more customers and buyers of your goods and services? Do you want special events and promotions planned to stimulate this business? Do you want someone to do something? Of course you do . . . but who are the "someones"? They are you . . . you . . . and you, with your ideas and suggestions. The things you want done can only be accomplished by working together as a team . . . and the best way to do this is through committees of your Albany Chamber of Commerce.

Here is your opportunity to be that "someone". There will be a

meeting of the Retail Promotion Committee Thursday, October 20 at the Chamber of Commerce office. All Albany retailers and merchants are urged to attend. This is an important planning session . . . the Retail Promotion Calendar for the year will be planned and a special city-wide promotion for October 27-28-29. This is your meeting . . . so plan to attend if at all possible and send us your ideas and suggestions.

Want to know your Albany businesses and merchants better? Your Chamber of Commerce does . . . so, a questionnaire will soon be in the mail to all Albany businesses. The information will be used as a background file and for news stories for a series of articles on Albany business firms during the year in the Albany Times.

It is your duty as a citizen and business man to be a well informed voter. On November 8, fifteen controversial and important ballot measures will be voted upon by you and me. A well informed speaker on this subject and an old friend, Phil Breck has been secured through the California

MAYOR ATTACKS FOES; DENIES RECALL CHARGES

City Heads Issue Statement On Employee Morale

Following a meeting Monday afternoon at the city hall, heads of the city's departments issued a signed statement regarding employee morale in their departments. The statement follows:

The department heads of the City of Albany do not believe that any department of the City of Albany is disorganized. Rather, it is recognized by all department heads that there is considerable concern, anxiety, nervousness, and a general feeling of instability.

The following items obviously affect the employees' morale:

1. Recognition of good performance and CONSTRUCTIVE criticism.
2. Freedom to express an opinion which may differ with the Council.
3. Freedom of the department heads to run their respective departments in accordance with the Council's policy.
4. Interruption of office routine by demands for instantaneous information or attendance.
5. Personnel should not be discussed in public meetings.
6. Department heads should be treated with courtesy and dignity.

We are united in the general points set forth above, and as a body feel that if these requests are complied with a feeling of harmony, increased morale and efficiency is a certainty.

Signed by:

Myrtle J. McLean (City Clerk); Marietta B. Ferreira (City Treasurer); Ralph M. Jensen (Chief of Police); Gerald D. Browne (Fire Chief); E. L. Nelson (Director of Parks and Playgrounds); Robert T. McMahon, M.D. (Health Officer); John H. Wright (City Engineer).

Mayor Asks Times to Print Statement

Mayor Zahn read a statement before the Albany City Council Monday night in which he attacked the "Times" for its stand on the current recall campaign, and also attempted to refute some of the charges behind the move. The "Times" will publish this 1000-word statement, in full, next week, but reserves the right to comment on Mrs. Zahn's assertions wherever the facts appear to have been distorted or mis-stated.

Open paragraphs of the statement are given herewith without comment, but will be repeated together with the remainder of the statement in next week's issue of the "Times."

"It is not news that a group of citizens is attempting to promote my recall. You should carefully examine their proposed petition, particularly with reference to its source and the reasons behind its initiation.

"Have you, citizens of Albany, ever ANALYZED 'WHY' the Albany Times goes out on the limb AGAINST me with BLISTERING EDITORIALS, DISTORTED NEWS AND MISLEADING LETTERS sent in by members of the clique, which are on the FRONT PAGE of the paper, BUT — REFUSES TO PRINT letters that have been sent in by people, who PRAISE my work???

"OF COURSE YOU ARE RIGHT. — I do NOT advertise in the Albany Times, since I am not in business, nor work for someone who does ADVERTISE there; and THAT, ladies and gentlemen, makes ALL the difference in the world."

Denying most of the charges behind a move to recall her, Mayor Zahn Monday night read a long statement during the regular weekly council meeting in which she blamed a "clique" for the recall move, and urged citizens to refuse to sign the petition; now being circulated.

In a move initiated by Councilman Jerome Blank the council adopted a motion authorizing employment by the city of an impartial firm, or the University of California, to conduct an administrative survey. The motion followed the outlining of salaries being paid in other cities of this area in which Blank pointed out that Albany is far below the average salaries being paid trained and experienced employees in the Fire, Police, and other departments.

He called attention to recent resignations by personnel to take positions elsewhere at higher pay, and to the fact that originally a five per cent raise had been recommended at this summer's budget session, but that this had been cut in two. His proposal was to restore this cut, and stated that city money was available to care for the costs.

The motion to provide a study by experts of the local personnel problems was made by Councilman Boylich, and the vote was unanimous — 5 to 0 in favor. Police and firemen would not be affected by the survey, as they already have civil service status.

Mayor Zahn vigorously opposed Councilman Blank's original motion to give the police and firemen a mid-year increase in pay. She said such a move was "unheard of." She said further, "if we raise the pay of one group we should raise it for all, and we can't afford to do that."

The council also rejected the plan of the San Francisco Bay Area Rapid Transit District to route its tracks through Albany on an elevated structure above the Santa Fe Railway's right-of-way.

There will be no meeting of the council next Monday, Oct. 31, because of the annual meeting of the League of California Cities which will be held in Los Angeles Oct. 24-26.

LETTERS TO THE EDITOR

Editor, The Albany Times:

There seems to be a feeling among many in Albany that the recall movement is being promoted by a "Blank clique".

After a few visits to the council meetings, it was clear to me that community standards were at stake. We have lived in Albany for 13 years, and have loved it here. I joined the recall movement in the interest of good government.

I do not know, nor have ever met Mr. Blank.

FREEWAY FOR FREIGHT

Every day an average of 725 freight trains roll over Southern Pacific's 14,900-mile rail network in 11 Western and Southwestern states. The ride is swift and smooth on a wide-open steel "freeway"—maintained at our expense, not the taxpayers'. No doubt about it, trains are the lowest-cost, most efficient form of transportation for carrying freight overland.

Convenience, Beauty Featured in Dagna's Market Modernizing

"Please pardon us, we're powdering our nose," explains a sign on the window of Dagna's Market at 1382 Solano Ave., Albany, though it might be closer to say, "We're having our face lifted!" because improvements now being installed are extensive.

Joe Dagna, owner and manager, outlined, over the clatter of construction, some "firsts for northern California" in grocery store equipment to be installed for the convenience of shoppers. New refrigerated produce cases are being moved in. Lighting throughout the store will be improved 500 per cent.

Blueprints show the modernization is planned for beauty as well as function and some of the features are, a 200 foot "Stran-Steel" overhang, new full picture windows, buff colored brick exterior, new asphalt tile floors and planter boxes.

Mr. Dagna estimated that the remodeling will be completed in approximately 4 weeks and expressed a hope his many loyal customers would bear with him during the noisy interim.

Can you think of a safer way to save?

Nobody has ever invented a safer way to save than U.S. Savings Bonds. They're guaranteed by the United States of America. Their value can't decrease—it can only go up. At maturity you get 1 1/3 more than you paid for them. And Bonds are replaced if they're lost, stolen or destroyed.

What 63¢ a day will do
Just 63¢ a day will buy an E Bond every month worth \$25.00 at maturity. If you keep it up for forty months, you'll have a stack of Bonds worth \$1,000 at maturity. Cost: only \$750—in easy installments.

Some advantages to think about

You can save automatically with the Payroll Savings Plan. This way you won't forget to save.

You now get 3 1/4% interest, to maturity. This new rate began June 1, 1959.

You save more than money with U.S. Savings Bonds Buy them where you work or bank

Here's how you can reach your savings goal with U.S. Savings Bonds in just 7 years, 9 months.

to ask your readers to give careful consideration to the flood of letters in papers all over the country stirring up suspicion and religious prejudice. Last week's issue of Time Magazine, Sept. 19, 1960, pages 21 and 53 will acquaint your readers of the dangers of unfounded accusations and distorted viewpoints. I feel that people who seek to use the religious issue to persuade others to use their vote to prevent any candidate from attaining public office, do themselves and their country a discredit. I am not satisfied with the thought that 40,000,000 people of the Catholic Faith or their children or grandchildren, are automatically disqualified by a prejudiced voting public against attaining the of-

fice of President of the United States.
If we expect to gain the approval and respect of the Latin American countries and the new nations of Africa, we must begin to prove that we mean what we say. We can't continue to make claims of Freedom, Equality and Democracy for our way of life and make a mockery of these things in our actions. We should not provide any more fodder for the propaganda guns of Khrushchev and Castro by shameful displays of religious intolerance and bigotry. Let us vote on the merits of the man and his plans of action for problems facing us and not on his religion.
Mrs. W. Koehler,
54 Lost Valley Drive,
Orinda

Ask any of our many fine meat suppliers to tell you THE three most important demands of a Safeway Meat Buyer... The answer would likely be Quality... Quality... QUALITY!

Credit is FAITH — Faith that a man will keep his word. Our whole business structure is built on it and it is a STRONG FOUNDATION, for most men are honest and keep their word. If they did not modern business could not exist.

MECHANICS is HEADQUARTERS for CREDIT of all kinds and for every purpose. It has FAITH in its borrowers (who naturally are also its depositors) and welcomes the business of any and all who are not now acquainted with the special quality of its service.
